GOA19T - BEHIND THE SCENES AT THE AQUARIUM

**WONDERLIJKE
NATUUR**

Leave the ship for a few hours and instead check yourself in to an educational and family-friendly outing for a behind-the-scenes look at Italy's largest aquarium, the Acquario di Genova. Built to coincide with the Genoa Expo in 1992, which in turn commemorated the 500th anniversary of the New World being discovered by Columbus, the aquarium is home to a vast collection of marine wildlife. After a short ferry transfer to the old part of Genoa and the Acquario, you and your family can first enjoy an unguided visit of the various tanks that provide a habitat for tropical fish, sharks, natural coral, penguins and dolphins. At a prearranged time, you'll then proceed on an expertly guided "behind-the-scenes" tour of the facility, during which you'll get to see the on-site laboratories, maintenance and plankton farming activities as well as how the animals are cared for and reared. And among the tank backstage areas, highlights include the jellyfish and dolphin enclosures. Your time at the Expo site wraps up with a little more time to explore on your own before the boat returns you to the ship. Please note: this tour is only for guests who do not embark/disembark in the port of Genoa. No guided visit inside the Aquarium except for the behind the scenes part. Guides available only in English and Italian.

GOA36T - A WALK IN GENOA & "FOCACCIA" TAKE AWAY

STADSRONDLEIDING

Meet your guide on the pier and start your tour in the centre of Genoa, characterised by typical alleyways, called Caruggi, and one of the greatest examples of a medieval city preserved almost intact in Europe. Let yourself be surprised by the multiplicity of streets and alleys that intersect to form a tangled labyrinth. The caruggi, where you can only walk or go on a bicycle, provide unique views, and you can find out what hides behind the next bend: a bell tower, a little square or a stairway. Among the buildings set so tightly against each other that the windows almost touch, you will come upon craft shops, Gothic arcaded porticoes, medieval churches, and patrician buildings. A walking tour of the historical centre of Genoa cannot miss the UNESCO Heritage, the Strada Nuova and the system of the Palazzi dei Rolli in Genoa's historic centre dating from the late 16th- and early 17th-centuries when the Republic of Genoa was at the height of its financial and seafaring power. The site includes an ensemble of Renaissance and Baroque palaces along the so-called "new street" (Strada Nuova). A stop will allow you to take away a "focaccia", typical of Genoa, to eat while you continue your walk. A view of the St Lawrence Cathedral and of the imposing Ducal Palace, will complete your tour before returning to the ship. Please note: this tour is only for guests who do not embark/disembark in Genoa and is unsuitable for guests of limited mobility. Depending on the number of participants, the stop for the Focaccia take-away may take place at different Focaccerie.
